Dear Captain Hopper:

Several times a year, we invite distinguished guest speakers to address some 300 to 500 employees of the Central Intelligence Agency. Our objective is to improve our employees' understanding of national and international issues as well as to provide them an intellectual stimulus. Among recent guests have been The Honorable Anne L. Armstrong, former Attorney General Griffin Bell, Barbara Tuchman, and Ambassador Malcolm Toon. I believe the program, now in its tenth year, has been very successful.

I would be very pleased if you could be our guest speaker here at CIA Headquarters. I would suggest either 15 May or 12 June 1984 but would be happy to accommodate your schedule if neither date is convenient. Our program normally consists of a lecture of approximately 30 to 40 minutes, followed by a 20 to 30 minute question period. Lectures are usually scheduled from 1500-1615 hours. Your thoughts about "Computer Resources: Possible Future Choices," or any related topic of your choice, would be of keen interest to our audience.

I hope you are able to accept this invitation. [redacted]
 [redacted] will be pleased to discuss any aspects of the [redacted]
 arrangements with you. She can be reached on [redacted]
